No. 38

TUESDAY AFTERNOON CLUB HAS VERY INTERESTING MEETING; MANY PRESENT

Remarkable Program of Violin Music Was Presented by Henry Svedrofsky—Piano Accompaniments Were Excellent—Nominating Committee Named

Music is the universal language; no human tongue has ever been adequate to translate it or describe it. Americans of this modern day so abuse their mother tongue by their absolute lack of propriety and precision in the use of words that adjectives, especially, have lost their meaning. "Beautiful," "wonderful," "magnificent," "superb," "masterful" are words we apply in the superlative degree to everything and anything—and when we come, then, to describe something as perfect and as soul-satisfying as the program of violin music presented yesterday afternoon at the meeting of the Tuesday Afternoon Club by Henry Svedrofsky, assistant concertmaster of the Philharmonic Orchestra, we are dumb; we realize that we have no language to even faintly describe it.

Many musical people present who have heard and enjoyed most of the great violinists including Remy, Ysaye, Maud Powell and Jan Kubelik felt that they had never enjoyed a more soul-satisfying program of violin music than the one presented yesterday afternoon by Henry Svedrofsky.

A good part of the success of the program was due to the exquisite piano accompaniments of Albert Adams; in fact, without his cultured, musicianly, sympathetic accompaniments, its success would have been impossible.

The well-selected, well-balanced program follows:
"Chaconne".....Vitalie
(a) "Romance et Andalous".....Sarasate
(b) "Slavonic Dance".....Dvorak-Kreisler
(c) "Liebesfreud".....Kreisler
Encore, "Caprice Viennoise".....Kreisler
"Havanaise".....Saint-Saens

(a) "Nocturne in E Flat".....Chopin
(b) "Scherzo Tarantelle".....Wieniawski
(c) "Souvenir".....Mozart
Encore, "Minute".....Mozart
At the business meeting which preceded the program, Mrs. C. E. Hutchinson, president of the club, announced that the committee appointed to consider and recommend ways and means for the building of the new clubhouse would report at the next regular meeting. She also urged that all members who could possibly do so, attend the convention at Pomona on April 19. The club was reminded that its Shakespeare section was on the entertainment program at this convention, their contribution will be several scenes from Shakespearean plays, including the sleep-walking scene from Macbeth and a scene from "The Taming of the Shrew."

Other announcements concerned the state convention at Yosemite from May 24 to May 29, inclusive, and the evening of plays to be presented soon by the drama section.

Reports were made by Mrs. C. S. Archer, local relief chairman and Mrs. L. W. Bosserman, chairman of the philanthropic committee. Mrs. R. W. Meeker read a list of the patronesses of the garden party to be given on the lawn of the Shattuck home, at Central avenue and Riverdale drive, for the benefit of the Children's Home at Monte Vista. Mrs. A. M. Williams reported the reciprocity luncheon of the Los Angeles Ebells Club, which she had attended.

Members of the election board were chosen as follows: Members elected from the floor, Mmes. W. W. Worley, W. H. Verity, W. E. Halstead; from the board of directors, Mmes. J. R. White and C. E. Norton.

NEW GLENDALE BANK DIRECTORATE

Said That It Will Be Open in Sixty to Ninety Days to Receive Deposits

Stockholders of the Glendale State Bank, for which a charter has been authorized by the state superintendent of banks, with a paid up capital of \$100,000, have elected a board of directors composed of the following well-known citizens: C. H. Toll, W. E. Evans, A. R. Eastman, Howard Walker, George Clayton, C. D. Lusby, Peter L. Ferry, John H. Braly and C. E. Kimlin.

All rumors to the contrary notwithstanding, the matter of a location has not been definitely decided. Several are under consideration and within the next few days one of them will be chosen. One of these locations has already been purchased by a holding company interested in the bank.

A member of the board who is well posted on inside facts, is authority for the statement that within 60 to 90 days the bank is likely to be open for business and receiving deposits over the counter.

NEW TRAFFIC OFFICER

Mr. Collins who has been on the night shift at police headquarters in the city hall, has been made assistant traffic officer and after April 15 he and Officer Trautwein will work together. Woe then to violators of speed and other traffic laws.

CHIEF LAMPERT ON BICYCLE THEFTS

Says Lawless Boys Rather Than Professionals Are Ones Responsible

Records at police headquarters in the city hall for the most part are a chronicle of bicycle thefts. John Wardall of 301 North Cedar reports the theft of a black Peerless racer, trimmed with green, from the high school Tuesday afternoon. Claud Evans was equally unfortunate with a Pierce-Arrow bicycle stolen from in front of the Palace Grand.

Chief Lampert says there is little evidence that any organized gang of thieves is at work in Glendale, because many of the wheels that turn up missing are worn and worth too little to tempt professionals. He explains the situation by general lawlessness among certain local boys who see a wheel exposed and yield to the temptation to ride off on it. After they have ridden it long enough for the novelty to wear off, and when, perhaps, there is danger that they may be discovered, they leave it somewhere to be found by the traffic officers and returned to the owner, or perhaps they ditch it in the river, where several such wheels have been recovered.

Last year about this time a professional wheel lifter worked this territory, watching his chance to ride away on unwatched wheels. When he was finally arrested and brought to this city it was found he had been responsible for the theft of four of the wheels which had disappeared.

TRIPLE ALLIANCE ORDERS MEMBERS TO GO ON STRIKE 10 O'CLOCK, FRIDAY

Orders Have Been Issued to Railmen and Transport Workers to Walk Out in Support of Miners—Breakdown of Negotiations Causes Renewed Outbreaks

By EARLE C. REEVES
I. N. S. Staff Correspondent

LONDON, April 13.—The triple alliance has ordered its members to go on strike at 10 o'clock Friday night.

J. H. Thomas, executive head of the National Union of Railway Men made this announcement shortly before noon today. Strike orders have gone out to the railmen and transport workers to walk out at the appointed time in support of the miners who have rejected the "settlement basis" offered by the government and mine owners yesterday.

Together with the miners, the railmen and transport workers constitute the triple alliance, directly controlling approximately 4,000,000 workers. Besides, about 1,000,000 other workers, engaged in industries absolutely dependent upon the alliance, will be made jobless by the strike, so that by the end of the week the United Kingdom will see 5,000,000 workers idle.

The strike which now can be averted only by one side or the other, would be the most gigantic and most complete in the history of Europe, with the possible exception of the German general strike in 1918 which led to the collapse of kaiserism and the creation of a republic.

Thomas followed his strike announcement with the statement that "applications are being received by other unions to join the strike." These applications, he said, are being considered.

The press welcomes the fact that another three days "breathing spell" is left in which negotiations may possibly be resumed.

Railway managers do not believe there will be a strike.

At No. 10 Downing street, Premier Lloyd George's secretary stated that his chief was not taking the initiative in any steps toward resumption of negotiations although he was ready to hear any delegations offering mediation.

The new breakdown of negotiations has resulted in a revival of violence in the coal fields, today's dispatches showed.

GOVERNMENT PLANS GIGANTIC NEW PASSENGER-CARRYING AIRPLANE

War Department Considering Construction of a Number of Planes, Which Will Form the Basis for a Battle Fleet—Each Can Mount Six Machine Guns

(By International News Service)

WASHINGTON, April 13.—High officials of the war department have been in conference for several days with the producers of a new gigantic passenger-carrying airplane, which the government may adopt for its air forces, it became known today. The design is now undergoing tests at the bureau of standards following unofficial tests at various scientific institutions.

If final tests are satisfactory, it is stated the war department is considering the construction of a number of planes which will form a battle fleet of the air, capable of long distance flights, heavy armament and of great destructive power.

The machine is the creation of a number of noted American engineers, many of whom helped in the designing of America's war time air engines. It is backed privately by Pacific coast financiers. Representatives of these men stated the Japanese government has offered a million dollars for the plans alone.

Those backing the machine are W. A. Heitman and C. H. Avey, Los Angeles, and Oliver K. Jeffery, J. G. Richardson and J. D. Hill of Portland. Jeffery has been in conference with Major General Charles T. Menoher of the army air forces, Dr. Samuel Stratton, bureau of standards; and Capt. W. A. Moffett, navy department.

The new airplane is said to be the largest ever constructed in this country and is a rival of the Italian Caproni, although only half the weight of the latter. It is said to travel at the rate of 115 miles an hour, with a fuel capacity of 1500 gallons. The makers say it can make a non-stop cross-country flight in 18 1/2 hours.

While designed primarily for commercial uses, the new plane when adapted for military use can carry a load of latest type bombs and can also mount six machine guns.

The engineers and backers have several hundreds of acres at Glendale, near Los Angeles, where it is proposed to erect construction plants.

CARYL SILVA PATTISON'S TWO WEEKS OF BOHEMIAN ADVENTURE COMES TO END

Gambling Was Responsible for Financial Difficulties Which Caused Trouble at University—Rumored That She Lost Money Shooting Dice and at Poker

CHICAGO, April 13.—Caryl Silva Pattison's two weeks of Bohemian adventure came to an end today when she arrived back in Peoria with her parents. The story of what happened during that two weeks and the motive that led her to disappear from the University of Illinois, where she was a freshman, are still for the most part a mystery.

Miss Pattison was found in Waukegan, Ill., yesterday. She had fled from a hospital in Evanston where she had been taken after being picked up unconscious on a North Shore highway. Her parents, Mr. and Mrs. Harry Pattison, came to Waukegan after her last night and started back for Peoria today.

In the minds of her parents, Caryl's just reward should be a spanking. "She has a flapper mind," said Mrs. Pattison. "Give her \$50 and ask her to be careful of it and she has spent it all for any old thing in no time. She's just irresponsible."

The meeting between Caryl and her parents was not characterized by any warmth of affection.

"Gee, I hate to go home," Caryl said. "Everybody will talk. Then my mother doesn't understand me. And my father—you know what he did? Went to Florida and didn't leave me a dime? Can you beat it?"

"I'm a wild woman, I guess," Caryl giggled. "It's a gay life if you don't weaken."

That gambling was responsible for the financial difficulties which are said to have caused most of Miss Pattison's troubles at the university was the statement of Mrs. Lena Garfield at whose home the girl worked as a domestic for a few days.

"She said she had lost money shooting dice and playing poker," Mrs. Garfield said.

University authorities denied there was any gambling among students.

"RETURN TO PRINCIPLES OF THOMAS JEFFERSON ONLY HOPE FOR DEMOCRATS"

William Jennings Bryan, Three Times Presidential Candidate, Made Above Declaration in Address—Prohibition Intended to Keep Men From Injuring Others

MIAMI, Fla., April 13.—William Jennings Bryan, three times candidate for the presidency, declared here today that a return to the principles of Thomas Jefferson is the Democratic party's only hope of restoration to power. The statement was issued in commemoration of Jefferson's birthday.

"Jefferson," said Mr. Bryan's statement, "believed in a government which shall restrain men from injuring one another and shall leave them otherwise free, to regulate their own pursuits of industry and improvement. The two parts of this sentence balance one another. Some have put emphasis on the words 'leave them otherwise free' and ignored the first part of the sentence. The words 'otherwise free' are not intended to suspend or weaken the demand that the government shall restrain men from injuring one another. It is necessary to restrain big corporations

man-made giants from injuring God-made men and there is no occasion to discuss 'otherwise free' until this restraint is made effective. Prohibition is intended to 'restrain men from injuring one another' and no one has a right to quote Jefferson in support of a policy which would leave liquor dealers free to injure their fellows.

"Jefferson believed in economy in public expenditures and in equal and exact justice to all. Democracy must believe in the same today if it is to live up to its name and be worthy of confidence."

"Jefferson believed in 'peace with commerce and honest friendship with all nations, entangling alliances with none.' We need his spirit today."

"Jefferson has been dead nearly a century, but his political code is the only basis upon which a Democratic party can stand today, and the applying of his ideas to pending problems offers the Democratic party its only hope of restoration to power."

"GLEN AND DALE"

If you think to head the ushers' committee for the State Christian Endeavor Convention June 25 to 29 is an easy job just ask H. V. Yarrick, the chairman. It is not just a simple matter of seating some 4000 delegates and passing the collection baskets. He and his committee will also have charge of the emergency hospital in the Tabernacle. There will be a doctor in charge during meetings and a nurse at all times. Young people away from home will need care. Many will come from surrounding towns in machines and these must be parked and guarded. Mr. Yarrick has arranged with real estate dealers and owners to have all the lots in the vicinity of the Tabernacle put in readiness, for it

looks as if there would be few left to park on June 25, for building is so brisk all over Glendale. The building where the meetings are held must be safeguarded and as crooks think it a harvest time, the chairman and certain of his helpers will be given police power. The city authorities have promised to give all the special help they can.

Ushers will be needed at all the other churches and halls where meetings will be held. To assist him Mr. Yarrick had Mr. Melone, vice chairman, and captains from all the churches in the district. These men have already met and formulated some of their plans.

GLEN AND DALE.

SENIORS STEAL MARCH ON UNDERGRADUATES

Seniors of Glendale high have managed to arrange for a class picnic and kept their scheme as dark as a pocket, which is some accomplishment when one considers there are 146 in the class. They got away this afternoon without any of the other classes knowing where they were going and members of the faculty were invited to be their guests at the 6 o'clock dinner which is to be served at Brookside park. The class teachers who chaperoned the bunch were Miss Knight and Mr. Hayhurst.

NIMBLE FINGERS CLUB MEET APRIL 19

Mary Jane Gillette Tent, Daughters of Veterans, met in regular session last evening in the Odd Fellows hall on East Broadway.

Mrs. Maud Potter was initiated into the Ten and Messrs. O. J. Sherrick, W. F. Richardson and W. H. Hall were obligated.

A number of committee reports were made and other routine business was attended to.

Announcement was made of a meeting of the Nimble Fingers Club on April 19 at the home of Mrs. Pearl Moore, 1259 South Maryland avenue.

MR. AND MRS. BAKER HOSTS AT DINNER

Mr. and Mrs. J. Rhea Baker, 331 North Maryland avenue, will be hosts at dinner this evening to Mr. and Mrs. A. S. Funk, who are returning tomorrow to their home in Nampa, Idaho, to pack their lares and penates and ship them to Glendale. Mr. and Mrs. Funk have spent several winters in Southern California and have chosen Glendale as the most desirable spot in the Southland for a home. They have bought a lot on North Jackson street, where they will build a very fine residence.

JESSE E. SMITH HOST TO EMPLOYEES

In appreciation of the efforts of his employees in making March the banner month in the history of the Ford organization in Glendale, Jesse E. Smith, the local Ford dealer, was host to his entire organization and their families at a banquet and dance given last night at the La Crescenta lodge in La Crescenta.

The dinner, which was a real southern chicken dinner, was thoroughly enjoyed by the 50 people present. At each plate there had been placed a program and menu in which all the courses and dances were couched in the terms of a Ford car. These programs were quite a surprise to everyone and thoroughly enjoyed.

One of the honored guests of the evening was C. A. Brownell, former advertising manager of the Ford Motor company. Mr. Brownell gave a little talk at the conclusion of the banquet, and some of the points he brought out with reference to the magnitude of the Ford Motor company were a distinct surprise to the majority of those present. His remarks were thoroughly enjoyed and appreciated by all.

The room was then cleared of all the tables and dancing was the order for the remainder of the evening.

It was the unanimous opinion of all those present that the pleasure Mr. Smith had given his guests could not have been surpassed, and when he announced that another banquet was due the boys if the month of April surpassed that of March, everybody showed by their expressions of determination that Mr. Smith is going to have to "come across" again next month.

BUILDING PLANS OF WILLIAM H. HOOPER

William H. Hooper who has a tire shop at 216 East Broadway and an oil station at the corner east of the shop, has just taken out a permit for a \$2000 storeroom and workshop to be constructed in the rear and face on Louise, the number being 111 South Louise. He is fitting himself to give the best possible service to the autoists of the city to whom he is catering. Later, he says, he will improve the front of the lot with a building.

HUNTING FOR GOLD MINES IN MEXICO

C. E. Battery, well-known newspaper man and former owner of the Glendale Pet Stock Exchange, and Charles Stanley, also a well-known Glendale resident, left last evening for Ensenada, Mexico, where they will be joined by others of a party that will go farther into Mexico to exploit some old mines, which are owned by Glendale people.

GUEST OF DARLINGS "GLENDALE'S OWN" GIVEN AN AIR TRIP TO ACT AS HOST

Knowing that their friend, Mrs. D. Lamont Clinch of New York and Chicago, had been much entertained during her visit to Southern California, Mr. and Mrs. H. Reeve Darling, 1519 South Brand boulevard, determined to give her a treat that was "different."

So one afternoon recently Mr. Darling, whose avocation is aeroplaning, took his wife and her guest, Mrs. Clinch, on a cross-country trip to San Diego in his aeroplane. Mrs. Darling describes the view from an aeroplane of the sunset on the wind-ruffled sea as one of surpassing beauty, and the sight of the stars blossoming out one by one in the infinite meadows of heaven as an unforgettable experience.

Mrs. Darling was met in San Diego by her sister, Mrs. Walter P. Casey of Brawley, and went home with her for a several days' visit, during which she was the guest of honor at a party given by Mrs. Casey.

Men of the city with sporting instinct are looking forward to the entertainment to be given Thursday evening, April 14, in the high school gym by "Glendale's Own" California National Guards, following the regular drill, which will begin this time at 7 p.m. instead of 7:30.

It is announced as an athletic carnival and a pretty exhibition of boxing, wrestling and other events is to be put on. Jazzy orchestral music will accompany the sport program and there will probably be other musical numbers.

This is the first entertainment which the company has given and it is well coming all the men of the city, young and old, and inviting them to enter the lists if they wish to do so. If it proves to be the success promised at this writing it will probably be followed by other programs featuring good, clean sport.

LUNCHEON TO HONOR APRIL BIRTHDAYS

Members of the Women's Auxiliary of the First Congregational church will meet at the church on Thursday morning at 10 o'clock for their usual sewing bee. The 15-cent luncheon which will be served at noon will be a social affair in honor of members who have birthdays in April. All members and friends of the church are invited. The luncheon will be followed by a business session.

NEW BUILDING OF VALLEY SUPPLY CO.

The Roy L. Kent company has taken the contract for the building to be erected at the southwest corner of Wilson avenue and Maryland. It is to be one-story, of brick, and 100x144 feet in floor dimensions. At the rear will be grain elevator and pits. Work will be started Thursday and Mr. Kent states that the building, which is to cost in the neighborhood of \$12,000, will be finished about the first of June.

MINOR ACCIDENT

H. Harold Fisher of 1339 San Fernando road, reported Tuesday afternoon, that while riding west on his bicycle on Broadway and when about to turn north on Orange, he spied a lady crossing the street going east. She was about the center of the street. He undertook to pass behind her, but she stepped back immediately in front of his wheel and was knocked down, her head striking the pavement. She was unconscious for a few moments but speedily recovered and seemed to be none the worse for the experience.

CITY W. C. T. U.

The City W.C.T.U. will meet Friday of the present week at 2:30 o'clock, with Mrs. C. A. Brandstater, at 401 West Wilson avenue. Mrs. E. D. Yard will speak on "Social Welfare," and it is hoped that a large attendance will be out to hear her.

ANOTHER BUSINESS BUILDING

H. E. Noble took out a permit this afternoon for a four-story brick business building to be erected at 1213-57 West Broadway, to cost \$10,000. Daniels, Borthick and Betz have the contract.

CHAMBER OF COMMERCE BUILDING LOOMS AS PROBABILITY IN NEAR FUTURE

Committee Recently Appointed to Forward the Proposition
Makes the Project Look Attractive From Financial
Standpoint—Proposed to Form Corporation

When the question of permanent headquarters for the Glendale Chamber of Commerce was broached after it had been formally organized, the suggestion was made that a Chamber of Commerce building might be financed. When it was discovered that the Chamber as a non-profit-sharing company could not engage in such an enterprise, a holding company was proposed and a committee headed by J. G. Huntley, with Roy Kent, V. M. Hollister, E. U. Emery and others acting as associates, was appointed. That committee made its report at the mid-day luncheon of the Chamber of Commerce directors Tuesday, at which the statement was made that an option, which will expire April 22, had been obtained on Lot 4, Block 57, on the east side of Brand boulevard between Harvard and Broadway, for a period of fifteen years at a rental of \$100 per month, provided a two-story building valued at not less than \$15,000 be erected immediately, the option also carrying the right to purchase the lot on or before May 1, 1926, for the sum of \$20,000.

It is proposed to erect on the lot a two-story building 51 feet 9 inches by 100 feet deep. The plan thereof, the probable cost and income are set forth as follows:

Main Floor	Estimated Income
Entrance lobby 9 ft. wide by 20 to 30 ft. deep, suitable for a news stand	\$40.00
Barber shop in rear of lobby	40.00
One small room 5x30 for store to balance entrance lobby	65.00
Two large storerooms, one of which will be designed for a cafe equipped with kitchen, etc., and stairway to banquet room on second floor, at \$125 each	250.00
Four offices in front about 12x15 at \$25 each	100.00
Four inside offices on light court 12x14 at \$15 each, allowing skylights over stores below	60.00
Banquet room, 50x50	40.00
Total monthly income	\$595.00
Total annual income	\$7,140.00

Carrying Charges	
The annual carrying charges against this income would be about as follows, allowing \$22,500 as cost of the building:	
Rental of ground	\$1,200.00
Preferred stock dividend on \$23,000 at 8 per cent	1,840.00
Fire insurance of \$12,000 at \$1.50	180.00
Repairs and maintenance	100.00
Taxes, Lot	\$3,000.00
Building	10,000.00
	\$13,000.00 @ \$4.53
	563.00
	\$3,883.00

Deduction from annual income of vacancies	\$1,000.00
Leaving total of \$6,140.00 or a total income for five years of approximately	30,700.00
Carrying charges against this income for first five years would approximate	19,435.00
Leaving total net income for first five-year period	\$11,265.00

Thus at the end of five years there would remain in the treasury a net profit of \$11,265.00 or over one-half the cost of the lot.

"We would also look to the future for increased income for, as the city grows, the rentals from this property will be increased and the ground value is sure to grow as the years pass.

"The proposed method of financing this building and lease is as follows:

"A building corporation shall be formed under the laws of the State of California, capitalized at \$50,000, divided into 500 shares of common stock at the par value of \$50 a share and 500 shares of cumulative preferred stock at the par value of \$50 a share.

"The preferred stock shall draw dividends at the rate of 8 per cent per annum, payable semi-annually, and said dividends shall be cumulative. "None of the common stock shall at present be issued or sold except shares necessary to qualify the directors of the corporation.

"Preferred stock to the extent of \$23,000 or a sufficient amount to construct the above building, shall be subscribed and sold at the par value thereof. Said preferred stock shall be first offered to members of the Glendale chamber of commerce and if a sufficient amount is not subscribed by the members, the stock shall be offered to the public. It is the intention that no person shall be allowed to subscribe for more than ten shares of the stock until every member of the chamber of commerce shall have had an opportunity to subscribe. Should all the preferred stock not be subscribed by the members of the chamber of commerce, then subscriptions for larger amounts may be made by members of the chamber of commerce or the public.

"At the end of five years, as above set out, there will be in the treasury of said corporation approximately the sum of \$11,265, representing net profit.

"Immediately upon construction of the building, the property, including the lot will have a minimum value of \$50,000. This estimated minimum value is based on the values of surrounding properties.

"It is to be presumed that the stockholders of the corporation will, at the end of five years, exercise the right contained in the option to purchase said lot for the sum of \$20,000 using the profit in the treasury in the sum of \$11,265 or more, as part of the purchase price and issuing common stock of the corporation for the remainder of the purchase price.

"Therefore, to give all stockholders an equal participation in the profits

of the corporation, which profits will thereafter exceed 8 per cent yearly, the issued preferred stock will at the end of five years be retired and common stock issued in lieu thereof.

"Thus it can be conservatively estimated that at the end of five years the common stock will yield a return of not less than 25 per cent yearly and in addition that the value of the stock based on the value of the property owned by the corporation will be double the par value.

"By the forming of this proposed corporation and the construction of the building and later purchase of the lot, a pleasing and valuable addition is made to the business district of Glendale, a home is assured for the chamber of commerce, and an opportunity is given for an investment far above the average both in yield and security."

SPECIAL BUILDING COMMITTEE.

CLASS SURPRISES MISS CORA POWELL

About a dozen girls of the Queen Esther class of the Baptist Sunday school, heavily laden with mysterious looking bundles, surprised their teacher, Miss Cora C. Powell, last evening at her home at 410 East Elk avenue.

The event was a farewell party for Miss Powell, who leaves very soon for an extended visit in the east. She will be gone for a year or more but the class hopes that another 12 months will see her again in their midst.

The evening passed quickly with games and story telling, and a very merry group gathered about the table where the refreshments were served in a style.

The high esteem in which Miss Powell is held by her class of girls was shown by the many pretty gifts which she received.

K. OF P. CONFERS RANK OF PAGE

Exemplification of the rank of Page by the Glendale lodge, K. of P. No. 331, last night at their Castle hall, was acclaimed by all present to be the acme of perfection. Many visitors from different jurisdictions were present, several of whom made addresses.

At the next lodge meeting the Esquire Rank will be conferred.

All event of special interest to Pythians will be our visit to Van Nuys lodge. The Pluto Rank will be put on by a celebrated Los Angeles degree team. All Pythians living in Glendale who have failed to see the Pluto work will have the opportunity to go with the local lodge in autos starting at 7 p. m., from Castle hall (tomorrow), Thursday.

The annual memorial services will be held at Forest Lawn on Saturday, June 5.

MRS. IRELAND GIVES ATTRACTIVE LUNCH

A very attractive lunch was given recently by Mrs. John H. Ireland of 637 North Maryland avenue. Quantities of roses, yellow and blue daisies were combined most artistically in the decorations.

The following guests enjoyed Mrs. Ireland's always charming hospitality, Mrs. Arthur Brown, Mrs. R. S. Baker, Mrs. S. R. Frazee and daughter Margaret, Mrs. Mary R. Root, Mrs. James Colver, Mme. Townsley, Miss Millicent Alford and Mrs. H. L. Porter of Kansas City.

TENNIS PROSPECTS AT GLENDALE HIGH

League tennis games are expected to start the present week. Tonight the team of Glendale high will have a practice tournament with U. S. C. on the local court. The first official game which will be with Monrovia will probably take place Thursday.

Glendale, expects to win, as she did last year for she has the same team, viz., Morgan, McDonald, Johns and Begg.

BUSINESS

Screen ramp on trial today for speeding. Reputation of judge for unrelenting sternness also at stake.

Gentlemen who failed to be appointed coroner now holding inquests on their dead hopes.

Minneapolis, Minn., has the nickname, "City of Flour," while Rochester, N. Y., is similarly designated "Flour City."

The wisest man often is the one who pretends to be fooled.

P. E. O. HISTORY IN THE MAKING

Mrs. A. M. Williams Gives an
Entertaining Account of
J. C. Organization

Some time ago, those on a world tour discovered a nebula that resolved itself Saturday, April 9, into a constellation of 14 stars of P.E.O. By due authority it has secured its place in this galaxy of golden stars and is now "C. J., California."

After a few weeks of preliminary instruction by California's efficient state organizer, Mrs. Olive P. Cramer of "Q." Los Angeles, and work in conjunction with Glendale Chapters "L." "A.H." and "B.A.," the time for the organization of this new chapter was set for April 9 which allowed this baby chapter all the privileges of the state convention to be held at Burbank, April 13, 14, and 15, and so, Saturday morning, at the hospitable home of Mrs. A. S. Chase, the ceremony took place.

After a call to order by the state organizer, Mrs. Cramer, Mrs. Katherine Ripley was appointed pianist and the devotional exercises were conducted by Mrs. Fern Roberts of "L." After declaring the formal opening of the meeting, Mrs. Kate Williams was appointed secretary, program, and the actual business of the day was begun when Mrs. Eva Cunningham, chairman of the reciprocity committee of Glendale, gave the history of the sighting of this new constellation.

No chapter has ever been formed under more auspicious conditions for among those witnessing and partaking in this event were notable and honored guests—Mrs. Helen D. Townsend, supreme president of the P.E.O. sisterhood, whose home is in Albia, Iowa Mrs. Lillian M. Garrett of Pomona, state president; and past state presidents Mrs. Hulda Miller, Mrs. Ella Brown, Mrs. Marian Garvin, all of Los Angeles; Mrs. Ella Hammond, president of "A.T.," and Mrs. Estelle Fischer of "U." Burbank.

Preliminary to the ceremony and because she must leave before organization was completed, Supreme President Mrs. Townsend was presented to the meeting and the words she spoke in her earnest, convincing manner, inspired alike the new initiates and those older in the work, dwelling at length upon the objects and aims of the sisterhood. Among other things she told of organizing a chapter in Boston with a charter list of ten, all of whom but one were blessed with a "brush from the west." Coincident with this in the new chapter list there is one member from Boston.

The dispensation from the state president, Mrs. Garrett, was read, and then the chapter list (as given in the Glendale Press of Tuesday). In her gracious, characteristic manner, Mrs. Garrett welcomed the new chapter, remarking that the material of which it was formed bespoke success and growth for itself and for the principles for which P.E.O. stands.

Her remarks were followed by words of wisdom from Mrs. Hulda Miller, who organized "L.," Mrs. Ella Brown, organizer of "A.H." and Mrs. Marian Garvin, organizer of "B.A." A few words from Mrs. Ella Hammond, president of "A.T.," from which Mrs. Putman was demitted, told of the high esteem in which "C.J.'s" new president is held by them. Then Mrs. Lee, president of "L.," Mrs. Van Etten, president of "A.H." and Mrs. Kelley, president of "B.A.," were called upon and their words were rich in their estimate of the material in this new chapter, in their hopes and aspirations for it, the benefit and ultimate growth which the sisterhood would receive from its acquisition.

The reception committee, Mrs. Eva Cunningham and Mrs. Fern Roberts, had expected to be free from speech-making but each showed her readiness of word, her zeal of purpose and wealth of enthusiasm in responding to the call.

On looking about, another dignitary was discovered in the person of Mrs. Eleanor Toll, president of Ebells of Los Angeles, and a beloved member of "B.A." She added to this exchange of thought in her own happy manner, testifying to her love for the principles of P.E.O. Mrs. Goss, of "L.," lovingly called the "mother of P.E.O. in Glendale," and other members of the reception committee—Mrs. Ann Bartlett of "L.," Mrs. Cora Webster of "A.H." and Mrs. Beryl Cross of "B.A.," each in turn responded.

During the ceremonies of inauguration Mrs. Cramer was assisted by Mrs. Cora Webster of "A.H.," Mrs. Cross of "B.A.," Mrs. Tower, Mrs. Bartlett and Mrs. Roberts, of "L."

After the strenuous work of the morning, a luncheon which had been prepared by the three hostess chapters was served and proved a welcome interruption; but later, when the gavel in the hand of Mrs. Cramer sounded its call to order, all were found ready to take up the finishing work.

After reading certain parts of the P.E.O. constitution, the election of officers as recorded in the Tuesday edition of the Glendale Press, took place, Mrs. Ella Putman heading the list as president.

The well chosen words of greeting of the new president proved her to be well qualified for the responsibility of guiding the growth and developing the principles of the sisterhood in this new chapter.

Among other official acts of the new chapter was a rising vote of thanks to Mrs. A. S. Chase for the hospitality of her home for this day, which meant so much to "C.J." Also a like vote to Mrs. Cramer, who had endeared herself by her untiring efforts in its behalf.

After the closing exercises and ceremonies all were loth to separate and again thanked Carrie Jacobs Bond for her "perfect day," with which all seemed content to depart.

PRESBYTERIAN PHILATHEA CLASS

Everyone who is privileged to have the acquaintance of the young ladies of the Philathea class of the First Presbyterian church knows that they live by the Scripture injunction that bids one be innocent as the dove; that they follow the whole of the injunction, "innocent as a dove, but wise as a serpent," is evidenced by the following story:

The Philatheas wanted a Sunday school classroom. Instead of demanding it they gently insinuated to the elders that if they gave them a classroom they would entertain the session with a dinner at their next meeting. They got the classroom.

Pursuant to their promise, the young ladies made a feast and invited the session to come to the social hall of the church Tuesday evening, where a table with shining napery, gleaming silver and dainty decorations, whose color motif was golden yellow, greeted their eyes, yellow nasturtiums and place cards with yellow butterfly decorations carrying out the pretty color scheme.

The menu included a salad, a fruit cocktail, roast beef, mashed potatoes, escalloped corn, hot rolls, coffee and lemon pie—a dinner fit for a king, in the opinion of the board of sessions—Rev. W. E. Edmonds, Rev. Louis Tinning, Dr. H. Stadt, Messrs. R. P. Pitt, H. L. Finley, G. Lemon, J. E. Colvin, W. G. Boyd, H. L. Brown, J. A. Newton and J. R. Baker.

Hostesses of the occasion were Misses Elizabeth Edmonds, Marjorie Smith, Marie Maier, Mary McDill, Ella Dockter, Josephine Ritberg and Ruth Hall.

CHURCH WEDDING TUESDAY MORNING

Miss Lillian Appfel of Glendale and Perry McFadden of Bakersfield, were married yesterday morning at 9 o'clock by Rev. J. S. O'Neill at the Church of the Holy Family.

The nuptial mass followed the ceremony. The wedding march was played by Mrs. Tom Smith and Miss Thomas sang three beautiful solos. The bride was charming in a lovely gown of white silk with which she wore a becoming picture hat; she carried a prayerbook and a shower bouquet of bride's roses.

The attendants were Mr. and Mrs. Robert Lee Scott of Los Angeles. Mrs. Scott was also attired in a beautiful gown of white.

Following the ceremony, a wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Alexander Appfel, North Maryland avenue and Lexington drive, to a party of 30 relatives. In accordance with the wishes of the bride only relatives and a few intimate friends were in attendance.

Mr. McFadden is a progressive young business man of Bakersfield and Taft, the son of Mr. and Mrs. Hadden McFadden, and after the wedding breakfast he and his bride motored to Taft where they will make their home.

Mrs. McFadden has been a resident of this city but a short time, but has many friends in Southern California whose good wishes follow her to her new home.

NEW GIRLS' GYM IS ALREADY OUTGROWN

Business Manager Irving Oliver reports that the new buildings on the campus are practically completed and have been accepted by the high school trustees. There are still little odds and ends of painting to be finished and little details to be completed. Furniture has been installed in four of the ten bungalow classrooms. Furnishings for the remaining six are en route and will be set up immediately on arrival.

As soon as the floors are perfectly dry in the girls' gymnasium most of the athletic equipment in the basement of the administration building where the girls now do their gym work will be transferred, but some of it will be left because—and this is the irony of fate after all that has been done to bring the school equipment to a point where it will cover school needs—the girls' gym has outgrown the new building owing to the great increase in the attendance and some of the classes will probably have to continue meeting in the basement.

HIGH SCHOOL SKATING PARTY

Friday evening, the newly organized high school department of the First Methodist church of this city held its first social affair. About 80 young folks met at the church early in the evening and went to the Walla Halla skating rink in Alhambra. A merry whirl on the rollers followed until late in the evening, when ice cream cones were served to those present.

All who went declared the department's first skate to be a huge success.

GLENDALE GIRLS IN THEATRICALS

Misses Dorothy and Kathleen Woods, daughters of Mrs. Nanno Woods of this city, will appear at Grauman's theater next week Thursday, in the last act of a presentation of "Midsummer Night's Dream." They are also taking part in a benefit Friday night which Mr. Grauman is putting on at the Philharmonic.

If you spend your time trying to find flaws in others, don't be surprised if others spend their time finding the flaws in you.

"SPOONING PARK" FOR KANSAS

(By International News Service)

KANSAS CITY, Kan., April 13.—Boy, page Mr. "Cupid." Louis H. Chapman, water commissioner, has officially decreed that Kansas City shall have a "spooning" park. Because "spooning" is condemned in other city parks, his department will set aside 11 acres of land to be converted into a park. In Chapman's park there will be "nooks," benches and swings, just comfortable "for two." Chapman says so himself.

NEW CHAPTER TO BE KNOWN AS C. J.

The organization of a new P. E. O. Chapter in this city, which took place Saturday at the home of Mrs. A. S. Chase on Riverdale drive, was an affair of moment and was attended by most interesting and impressive ceremonies of which a fine description has been written by Mrs. A. M. Williams, which will be published in tomorrow's issue of the Glendale Press.

The dispensation from the state president, Mrs. Garrett, who was present, for the organizing of a new chapter to be known as "C. J." was read, also the names of the 14 charter members, four being demits from other P. E. O. chapters, viz.: Mrs. Gladys Meredith Porter, Miss Clara A. Boss, Mrs. Ella S. Putman, Miss Martha J. Cox, Miss Isabel M. Kimball, Mrs. Eva Campbell Barton, Mrs. Myrtle B. Brown, Mrs. Fannie Crampton, Mrs. Harriet N. Hamilton, Mrs. Lizzie Stevens Hayward, Mrs. Zola C. Kuntzner, Mrs. Elizabeth Kent, Mrs. Annie P. Yard, Mrs. Vera K. Hinchcliff.

From this membership officers were chosen as follows: President, Mrs. Ella Putman; vice president, Mrs. Lizzie Hayward; recording secretary, Mrs. Gladys Porter; treasurer, Mrs. Fannie Crampton; chaplain, Mrs. Annie Yard; guard, Mrs. Elizabeth Kent.

Delegates appointed to the convention to be held this week at Burbank, Mrs. Putman and Miss Cox, Mrs. Hayward being named as an alternate.

DONWELL STARTS MORE MARKETS

David Donwell would be cooling his heels in the Bridewell if he drove a motor car at the speed rate with which he establishes meat markets in Glendale.

On January 15 of this year Mr. Donwell established his first "Little Premium" market at 123 North Glendale avenue. On March 7 "Little Premium" market No. 2 was established at 1127 North Central avenue. Next Saturday, April 16, Mr. Donwell will open "Little Premium" market No. 3 at 1263 South Brand boulevard.

Mr. Donwell's motto tells half the secret of his success: "We do not sell cheap products; we sell good products cheap." The other half of the secret is that Mr. Donwell knows how to buy in order to be able to sell good products cheap.

HIDDEN TURNS OF BOULEVARD CLEARED

After a conference with H. W. Fowler, of La Crescenta center, T. W. Watson, city manager, and Frank Marek, city forester, have decided that the underbrush and scrub trees on the hidden turns of the boulevard between Glendale and Montrose, should be cleared away, an improvement that will be appreciated by all who motor over this boulevard.

"THE WORLD DO MOVE"

W. H. O'Brien has moved from 1015 North Central to Los Angeles; W. H. Anthony from 1137 to 412 East Elk; Bert Goett from 208 North Verdugo road to Beatrice, Nebraska; Mrs. W. B. McEwen from Vine street to Portsmouth, Virginia; F. H. Boynton from 336 West Colorado to 712 1-2 South Glendale avenue; Addie O'Leary to 119 East Cerritos; O. G. Havelock to 119 South Adams; R. G. Jacoby to 602 West Colorado; W. B. Smith to 1128 East Lexington.

NINE MILLION AUTOS FOR U. S.

Figures compiled by the American Automobile Association show that there were 9,180,316 passenger and commercial motor vehicles used in the United States during 1920, of which 8,234,490 were passenger cars. The receipts from registration totaled at most \$100,000,000. This means that there is now one motor vehicle for about every 11 persons.

New York, which for many years has led all the other states in the number of automobiles owned within its boundaries, maintains its motor supremacy with a total of 683,919 vehicles, of which 559,521 are passenger cars and 124,398 commercial vehicles. In motor truck use New York is also in the lead. Ohio and Pennsylvania are strong competitors for second place, Ohio leading with 620,600 cars and Pennsylvania coming third with 570,164. Ohio, with 82,600 trucks, is also second in the commercial list. Illinois takes fourth place with 568,314 cars, very close to Pennsylvania, but in the use of commercial cars both Illinois and Massachusetts exceed Pennsylvania, Illinois having 64,674, Massachusetts 51,386, while Pennsylvania's number is 48,329. California is the fifth state in motor use, with a total of 568,892 cars; Iowa sixth, 437,030; Texas seventh, 427,693; Michigan eighth, 412,717.

MUSIC CLUB HAS 185 CHARTER MEMBERS

The executive board of the Glendale Music Club met in regular session at the home of the president, Mrs. Mattison B. Jones Tuesday evening.

The treasurer's report shows a charter membership in the club of 185. Two of these are honorary members; as the dues for charter members were \$1, the club now has on hand the sum of \$183.

Plans were made for the next program evening, to be given on May 6, in the high school auditorium. This will be "Community Night"; each member of the club will be privileged to bring one guest. Admission for others who wish to attend will be 25 cents.

The program for "Community Night" will be given by the three federated music clubs in Glendale: The Madrigal Club, the Girls' Glee Club of the high school, and the music section of the Tuesday Afternoon Club. They will be assisted by well-known artists of Glendale as soloists.

The board decided at last evening's meeting that, as the club year is so nearly over, those wishing to join now may do so by paying the \$2 initiation fee, without payment of further dues until next October. Joining now insures the insertion of one's name in the year book to be printed next September.

NO CHICKEN, BUT HAS CHICKEN RANCH

Mr. and Mrs. George E. Wellner of 119 North Glendale avenue, have moved to Hawthorne where they have bought a chicken ranch.

Mr. Wellner has conducted a barber shop at 121 North Glendale avenue for 12 years and he and his wife have many friends in Glendale who wish them success in their new venture.

Mr. Wellner will be 70 years young on the first of May and feels that he and Mrs. Wellner have earned the right to work in God's out-of-doors for the next 70 years or so.

GLENDALE'S OWN TO STAGE BIG AFFAIR

The boys and men of our city, and incidentally their wives and sweethearts, should be tremendously interested in an announcement which has just been made by Captain Thomas D. Watson of Glendale's Own National Guard Company.

He states that an athletic carnival is to be given under the auspices of the company, April 14, at 8:30 p. m., in the high school gymnasium, following the regular company drill, which will begin at 7 o'clock instead of 7:30 on that occasion.

The program will include amateur boxing, wrestling, and a variety of athletic stunts and will be open to all the men of the city, young and old, including high school athletes. Accompanying the events will be singing and music by a jazz orchestra, and there will be something doing every minute.

The captain also stated, incidentally, that this affair will be followed by others which will afford good clean entertainment for the young men of the city.

The greatest mystery to a good many women is how the fine husbands of other women can live with the cats they married.

PERSONAL ITEMS

W. Waterhouse, tabernacle builder for John Brown, evangelist, left for Hanford yesterday morning to take down the tabernacle there and remove it to Reedley, where Brown goes from here. The building erected here will be left standing after the meetings to be used by the Christian Endeavor state convention in June.

Miss Ruth Schindel, teacher of gymnastic work and history in the high school, is confined to her home with an attack of grippe. Professor Moysse is taking some of her classes but not the gymnastic work. Morgan N. Smith of the manual arts is also on the sick list, severe ear trouble having developed following a cold.

Alvin E. Sanders who has finished his course of lectures at the Tanner & Hall agency, took a Sunday off and went to Camp Baldy. He found the roads fine and the snow line well above the camp. About 60 machines were lined up there, not so many as would have been seen had there been a chance to snowball there.

J. F. Gasser, superintendent of the John Brown Tabernacle, arrived in Glendale Monday and is now briskly engaged in publicity work for the meetings. Mr. and Mrs. Gasser are now residents of Glendale, the latter having come three weeks ago and rented the property at 315 North Louise street. Both are delighted with their new home and declare they hope to end their days here.

Mrs. George Delgado and little son Clayton, arrived from Bowie, Arizona, recently. They are guests of Mrs. S. O. Delgado on East Lomita street. George Delgado has taken a position on the Glendale police force and may occupy the home of his parents this summer while Mrs. S. O. Delgado and her daughter Catherine are in Canada visiting relatives. They expect to leave here in June of the first of July.

The Women's Missionary Society of the Presbyterian church held an all-day meeting yesterday. The Pastor's Aid met in the morning and sewed under the direction of Mrs. F. P. Wilkin and Mrs. R. P. Isett until noon, when a luncheon was served by Mrs. W. G. Boyd and her committee. The afternoon was given over to the regular business meeting and two addresses, by Dr. Laura Mosher Johnson of Africa and Mrs. Wales, secretary of Freedmen. There were about 100 present and report a most interesting meeting.

Better to be talkative and say nothing than talkative and say something harmful.

SILVER MINES CLOSE; 12,000 OUT OF WORK

(By International News Service)

MEXICO CITY, April 13.—More than 12,000 miners in Pachuca, Zatecas, Guanajuato and Chihuahua are out of employment because of the suspension of a number of silver mines due to the low price of the metal and the fact that the government has not given sufficient guarantees to the companies. In Santa Eulalia, Santa Barbara and Conches, several mines have been closed down entirely.

President Obregon has issued instructions to enforce protective measures on behalf of the companies. These will include reducing import taxes on machinery and other materials for the mines and abrogation of export taxes on silver provided the value of a Troy ounce does not exceed 75 cents gold.

HARVARD TO BUILD OWN PISTOL RANGE

(By International News Service)

CAMBRIDGE, Mass., April 13.—Major Goetz, of Harvard, announced that the military department had obtained permission to construct a rifle range on the old R.O.T.C. grounds at Waverly for the use of the Crimson pistol team. Practice is now on Oklahoma University has challenged Harvard. The Crimson expects to accept and also engage Yale, Princeton, Cornell and Pennsylvania.

ASSEMBLY TO ACT ON CITY CHARTER

A copy of the resolution of the board of trustees of the city of Glendale, certifying to the adoption of the charter by the voters of Glendale, was forwarded to Assemblyman John Robert White.

In a letter dated April 8, Mr. White acknowledged the receipt of the resolution and says that he is endeavoring to have the charter ratified in the legislature at the earliest possible moment.

"BLUE" LAWS ECHO OF "CAN'T STRIKE" LAWS

The present agitation for movie censorship and "blue" laws is the sequence of "can't strike" laws, and again proves the rule that when one man is enslaved all are enslaved.

Every attack on liberty is first made against those less liable to successfully resist. Others plume themselves that "it doesn't affect me," but are awakened when anti-liberty night riders would establish statutory morality.

Men who remain silent against the slavery of human beings have found themselves victims of that slavery, that has contaminated every phase of life.

There is a direct connection between "can't strike" legislation and "blue" legislation. It is the history of man that when he acquires power he will attempt to extend that power.

When man assents to law that would shackle Labor to its employment, he must expect the enslavers to seek other fields of conquest. The attempt to regulate morals is the result.

The psychology—the state of mind—created by the terms "can't" and "blue" is identical.

Liberty cannot be compromised or juggled with. Whenever it is denied, the cost must eventually be paid by society as a whole.

Liberty demands as rigid an application of its principle as the law of gravitation.

The man who ignores this fact is not equipped to battle for freedom and equality.

If it is right to jail a group of Americans when they quit their employment, why is it wrong to revive "blue" laws against all Americans?

If an injunction judge can gag free speech or abrogate other guarantees, why is it wrong for some other "thou-shalt-not" to define the public amusements?

Trade unionists resent the Pecksniff and Busybody who would make people "good." But the Pecksniff is but an effect, not a cause. Behind him is the big regulator who chokes Americanism at its source and then makes himself ridiculous by charging the little regulator with being "un-American."

The entire posse of handcuffers, regulators and alleged moralists are un-American. None of them has an American ideal or grasps American fundamentals.

As long as they are tolerated America must pay the price that outraged liberty exacts.

THREE KINDS OF NEWSPAPERS

There are newspapers of three distinct kinds in America, all seeking through their editorial columns, and some through the coloring of their news columns as well, to create certain beliefs in the minds of their readers. Of the three, two are entirely mischievous and harmful. The three may be classified as follows:

First: Those papers which press the idea that the wealth of the country has been acquired by dishonesty or by the oppression of employees. In every discussion of economic matters they go as far as they dare to place upon successful men the stigma of possession of stolen property, and seek in many insidious ways to excite hatred of them as men living in luxury earned by others. Usually these papers are owned by men who have grown rich by the same business methods which they condemn in others.

Second: Those papers which oppose all efforts of the men who earn their bread by the sweat of their brows to improve their condition by organization. They are hostile to labor when it is organized, and do what they can to make it disreputable in the eyes of their readers. Capital is to them the only good thing on earth, to which all men should be subservient, and for which all legislation should be shaped regardless of the welfare of workers.

Third: Those papers which strive to be fair to all sorts and conditions of people; which attack an assault by union labor on a free workman, or condemn a vicious raid on capital, or an effort to destroy protective measures for men not intelligent enough to guard their own interests, with equal impartiality. It is a great work the papers of this class perform. They are the real press guardians of the people. They work to protect the rights of all the people. The poor man, the rich man, the man climbing from want to independence, all have the good wishes of these papers and their encouragement. They give brains, wealth, labor—all necessary in human affairs—their full meed of praise, recognition and encouragement; criticizing the follies of the rich and the extravagances and thriftlessness of the poor, with equal severity.

No man who would be just can afford to absorb the poison spread either by the pseudo enemies of wealth or the rabid foes of the poor.

FOURTH DIVORCE FOR WOMAN AGED 27

(By International News Service)
CHILLICOTHE, April 13.—"I don't think it is as bad as my age to have had four husbands as it is for some women at 40 never to have had any," said Katherine Shay, 27, suing Thomas Shay for divorce, when questioned by the court as to whether her accomplishment could be classed as a record. Mrs. Shay has been married four times. One husband divorced her. She divorced a second. The third shot himself after trying to kill her, she said, and the fourth is her present husband. Her first marriage occurred when she was 17.

WHO PAYS DAMAGES UNDER STATUTES?

(By International News Service)
WASHINGTON, April 13.—The question of whether individual railroads must pay damages under state statutes when the damages complained of while such railroads were under Federal control and operation was raised in the appeal of the Norfolk Southern railroad to the United States supreme court.
M. F. Owens of North Carolina, shipped corn from Ashboro, N. C., to Columbia, N. C., which was delayed. Under a North Carolina statute Owens was awarded \$40 damages against the railroad, the judgment being sustained by the North Carolina supreme court. The railroad appealed to the supreme court, alleging that the damage must be paid by the federal railroad administration, which was then operating the Norfolk Southern.

The first iron smelting patent was issued in 1620. The next year Lord Dudley had an iron patent.

Gitty up! Woah!
The driver fearfully cried,
And the poor horse tried to do both
at once
And it jiggled his insides and he died.

Sissiety: Mr. Benny Potts used his sisters pink soap last Saturday nite to take a bath with, making him smell bewtiffil but making a reck of the soap.

Bum Joak by Leroy Shooster: If a persin had some writing paper and never used it would it be stationary?

FIELD CARNIVAL AT INTERMEDIATE

The interschool track carnival which is now in progress on the athletic field of Intermediate, but which is limited to pupils up to and including the sixth grade in all the schools of the city, opened Monday afternoon and proved exceedingly interesting. It was conducted by Coach Whytock and Rex Kelley, with the assistance of Physical Director Blanford and boys of the Intermediate, and the last event, the soccer ball kick, did not finish until about 5:30 o'clock, when the score of the schools stood: Cerritos, 16½ points; Columbus, 13½; Pacific avenue, 12½; Broadway, 5; Columbus and Doran, each 3; Central avenue, 1½.

The score in detail follows:
Midget class, boys, 40-yard dash—Robert Morrison (Pacific), first; Donald Robinson (Colorado), second; Denny Talbott (Pacific), third; John Hoffman (Doran), fourth.

Boys' unlimited 80-yard dash—Allen Lovell (Columbus), first; Charles Steelman (Cerritos), second; Thomas Muff (Doran), third; Frank Wycoff, fourth.

Running high jump, unlimited—Charles Steelman (Cerritos), first; Raymond Fry (West Glendale), Lorin Pierce (Pacific), tied for second; Enos Olmstead (Central), third; Richard Ambrosch (Cerritos), fourth. The record jump by Steelman was 4 feet 1 inch.

Standing broad jump, midget class—Sterin Perry (Cerritos), first with jump of 6 feet 3 inches; John May (Broadway), second; Donald Robinson (West Glendale), third; Denny Tatlow (Pacific), fourth.

Special 100-yard dash—Hland Fanset (Columbus), first; Fred Nakamura (Broadway), second; Jimmie Kakuda (Broadway), third; Ernest Bourne (Columbus), fourth.

Soccer ball kick—Edward Bentley (West Glendale), first with record of 91 feet 10 inches; Alfred Herman (Pacific), second; Thomas Perry (Cerritos), third; Jesse Phillips, fourth.

ANOTHER NEW HOME UNDER CONSTRUCTION

The real estate firm of A. J. Lucas and J. J. Peakins are just completing a fine new residence, located at 556 West Colorado street. This artistic, palatial new home being erected under the firm's personal supervision, adds much to the appearance of Colorado street, and will greatly increase property values in that locality. It will pay anyone owning vacant property, desiring to have it improved, to investigate. Truly the realty association as well as the citizens of Glendale should be proud of this enterprising firm.

Have us go over your car's body and make the trimming repairs in time. Top and trim work that is handled by experienced men—we guarantee satisfaction—reasonable cost.

The New Way to Cook

are not an experiment. Cooking authorities and myriads of America's good housewives enthusiastically endorse them. Cooking by steam "under pressure" brings out all the flavors and juices and makes all food, even toughest meats, tender and delicious, in ½ the time, with ¼ the fuel. Positively will not scorch or burn.

Think of the hours of kitchen drudgery it saves, to say nothing of fuel—think of cooking onions or cabbage and having no odor in the house.

We want to show you this wonderful necessity for every home, and ask you to come in the first time you are down town.

MAY FESTIVAL FOR MONTE VISTA HOME

Mrs. Meeker Appoints Committee to Get Busy for Affair Set for May 7

The committee of which Mrs. Ralph Meeker is chairman, which has undertaken to enlist Glendale in the furnishing of the kitchen in the Children's Welfare Home at Monte Vista, has been considerably enlarged and is making big plans for the raising of funds to carry out their task. The committee now includes besides Mrs. Meeker, Mrs. Belew, Mmes. Calkins, Greenwalt, Ocker, Dow, Turner, Cory, Chase, Farnes, Sinclair, Calkins, Sterns, Cable, Ella Richardson, Mosier, Huntley and Miss Campbell.

Mrs. Meeker reported that Mrs. Charles Shattuck had offered to give the use of her beautiful home and grounds at the corner of Central avenue and Riverdale drive for a May Festival benefit to be held May 7. The plan was received with enthusiasm and working committees were appointed as follows:

Program—Mrs. A. H. Montgomery, chairman, assisted by Mmes. E. W. Kinney, O. H. Belew and Raymond Chase.

Ice Cream—Mmes. Huntley, Clotworthy and Cory.

Candy—Mmes. Parker, Ocker and Miss Campbell.

Punch—Mmes. Cable, Sterns and Turner.

Tickets—Mmes. Greenwalt, Richardson and Farnes.

Publicity—Mrs. Calkins, Miss Gibbs and Miss Sinclair.

Mrs. Meeker stated that carpenters and plumbers who had donated services for the renovation of the home at Monte Vista would complete their work within the next ten days. She also said she had in cash donations \$65, and this, with the sum likely to be realized from the May Festival should be sufficient to provide equipment for the kitchen of the Welfare Home as soon as it should be ready to receive it.

INQUIRING INTO TRANSPORTATION

The state railroad commission has instructed its engineering department to make an exhaustive investigation into the service and operating conditions of the Pacific Electric company and to report its conclusions and recommendations.

In a letter to T. W. Watson, city manager, Richard Sachse, chief engineer for the railroad commission, asks that Mr. Watson cooperate with the engineering department by giving suggestions born of his valuable knowledge of local conditions.

One of the commission's engineers will call on Mr. Watson in the near future, the letter states, to discuss Pacific Electric transportation problems of this community. Anyone in the community who has complaints or suggestions is requested by the railroad commission to report them for their consideration and investigation.

Memoranda outlining the status and general scope of the work being done in this program of investigation were attached to the letter sent the city manager, together with an organization blue print showing the methods adopted by the department to carry out the program.

Headquarters of the engineers handling this work are at Room 674, Pacific Electric building, Los Angeles.

A committee from the Chamber of Commerce will cooperate with the city manager's office in giving the engineers of the state railroad commission any information pertaining to Glendale's Pacific Electric service which they should have.

FARIS MURDY'S GOOD RECORD

Faris Murdy, son of Mrs. Paul Jones of East Elk avenue is in the United States navy on the Mississippi, now in the harbor at San Pedro. He spent Sunday with his mother and family and incidentally told of his wrestling bouts. He is a big husky fellow and has had some experience in wrestling in the past. Under the tutelage of the physical director on the Mississippi he has made such a record that he was persuaded to enter an amateur meet staged by the Los Angeles Athletic Club last week. The first night when he wrestled with an underweight champion he got a decision. The second night when he met a heavyweight champion he did not have as good success but stood up six minutes before he was thrown. He came to the encounter after two days' heavy work in target practice and but a few hours' sleep, and that on the steel deck the night before. He does not know what orders his ship has received, but there are rumors among the men that it is to be sent to Honolulu. He states that heavy recruiting for the navy is now in progress.

REALITY REPLACES GIRLS' MOVIE DREAMS

(By International News Service)
KANSAS CITY, Mo., April 13.—"Wanted—300 new faces in the movies."

This advertisement, police say, lured many young girls to Kansas City, where their hopes of entering the movies were blasted by cold reality. Police are now investigating the concern after a Chicago girl was found stranded here after having answered the ad.

Authorities declare hundreds of girls have been lured here by similar companies preying upon the feminine desire to enter filmdom. Steps, it was said, would be taken to curb the game. One company was compelled to pay the return fare of a number of girls who left home to seek film stardom in Kansas City.

C. E. DIRECTORATE PLANS BIG THINGS

Stock Subscribed for C. of C. Building and New Committees Appointed

Again did members of the directorate of the Chamber of Commerce have occasion to congratulate themselves on their good fortune in being able to enjoy a luncheon in the pretty bungalow dining room of the domestic science department of the Glendale union high school, prepared and served by students who are taking the course. This time the honors of the day were carried off by Miss Marguerite McGuire and Miss Edith Schuyler. Not only did they prepare and daintily serve a delicious repast, but for their table provided a charming and unique centerpiece that had such an alluring "call of the wild" that every guest was smitten with the desire to realize it in actuality. A miniature mirror lake centered by a most convincing island, supporting ducks and other waterfowl and reflecting the huge proportions of a salmon presumably just drawn from the water by a nimrod concealed within the recesses of a brown tent pitched on the shore, was the main feature of the scene which was developed with mossy baskets, gravelly shores and roads on which miniature autos, as seemed to be fords, were proceeding with borders of nodding flowers and overhanging pine trees. It was a charming bit of artistry in decoration and the girls deserve great credit for the perfection with which the details were worked out.

The menu consisted of veal loaf and creamed potatoes, beet salad, hot biscuits and butter, jelly, apple dumplings with vanilla sauce and coffee. It was all very nice and all prepared in the domestic science department kitchen.

Members who enjoyed the spread were: President Cooper, Secretary Rhoades, Roy Kent, Daniel Campbell, J. C. Huntley, C. D. Lushy, Jesse Smith, V. M. Hollister, David Gregg and J. A. Newton. Owen Emery arriving just before the meeting adjourned. Following rollcall and the reading of minutes, the secretary read the report of the railroad committee recommending an effort to persuade the Southern Pacific railroad to install gates at the Brand boulevard crossing to be operated by the tower man, also the report of the same committee recommending the removal of the arrow from the electric sign at the foot of Brand. He also read a letter from the chief engineer of the railroad commission, forwarded by City Manager T. W. Watson, relative to an investigation in progress into the service and operating conditions of the Pacific Electric railroad company, also a letter from Mr. Watson relative to proposed fire districts.

A letter from a dehydration company recommending that a plant be established in Glendale, was ordered filed.

A communication relative to the Midway Gas company and its application to the railroad commission for permission to increase rates, was referred to the utilities committee.

A resolution passed by the board of directors of the Los Angeles county unit of the Better America Federation was referred to the judiciary committee.

The report of the committee on permanent headquarters, which is printed elsewhere in full, was presented by Mr. Kent and on motion of Director Smith the board voted its approval of the prospectus and that same be submitted to prospective investors for consideration. All the members present agreed to take stock and the committee was requested to instruct Mr. Emery to draw up articles of incorporation and a lease, and also to call a meeting for organization of the corporation Wednesday night at chamber headquarters.

Mr. Kent called attention to the big Christian Endeavor convention that is coming to Glendale in June and that will bring not less than 5000 delegates to this city. He told of the huge committees that are working on the proposition and the advertising Glendale is getting in consequence. He suggested that the Chamber of Commerce invite Carl Bundy, third vice-president of the state organization, to address a forum meeting as he is a live wire and a fine speaker. The board took kindly to the idea and asked Mr. Kent to arrange with Mr. Bundy to address the evening forum, April 21. Owen Emery was requested to secure Judge Thomas of the appellate court to speak the same evening if possible.

On motion of Peter Ferry the board voted for the appointment of a permanent convention committee to do whatever the chamber may be called upon to perform in connection with the entertainment of delegates to the P.E.O. convention being held in Burbank this week, and other conventions as they come along.

CLASS PLAY OF G. U. H. S. SENIORS

Unless the Alumni have positively preempted the night of June 3, the Seniors of Glendale High will make it the date on which their class play will be staged.

The drama they have chosen is "Mary's Millions," a sparkling little comedy the cast of which has been assigned as follows:

Boggs, the town "constable," Joe Rhodes.

Eudora, little slavey and general utility girl, Edith Hagman.

Jimmie, dealer in stocks and hearts, Brigham Bennett.

Mrs. Mudge, a great believer in the ouija, Ida Wilbur.

Jack, country born and college bred, William Farnes.

Ezra, storekeeper, postmaster, president school board, etc., Mary's uncle, Tom McNary.

Bettie, pretty school teacher and friend of Mary, Myra Johns.

Mary, millionairess, much courted by a count and countess.

Lola, the countess, a consummate flirt and typical French woman, Marguerite Mandeville.

Victor, the count, Wilbur Johns.

Jane, aunt to Mary, anxious to have a title in the family.

Country Choir composed of seniors, in character costume and make-up, and led by Joe Rhodes as "Borgs."

Y. L. I. TO HOLD SOCIAL SESSION

The Y. L. I. will entertain their friends at an open meeting at their hall, 115 East Broadway, tonight. A short business session will precede the social session, at which music and dancing will be the chief diversion.

Guthrie's Mid-Week "Prize Package"

—And believe us, these are "prizes," when it comes to real values.
3-Acre Ranch—Chicken, spuds, or any old thing to raise.—4-room (living room, 12 x 30) cottage, 2 bed rooms, porch, all newly painted and papered; water, gas, barn, big chicken yard. 6 blocks to Brand. \$3500—\$1000 handies.

Here's a Real Home. Beautiful site, 75 x 275 (1 1/2 acre), lies high, charming view; 6-room bungalow and breakfast room; spacious rooms, deep veranda; terraced high; great quantities of choice shrubs and flowers; 25 assorted fruit trees; garage; 80-foot paved street. One of the greatest values in town at \$6850. Terms if desired.

2-room new cottage and bath, screened porch; corner lot 50 x 140; paved streets; water, electricity, gas. \$1800—\$500 down.

Lot 50 x 182. West Windsor. New buildings going up all around. Can you beat it at \$800—\$200 down?

FRANKLIN DEFEATS GLENDALE, 4 TO 1

In Hard-Fought Game Visiting
Team Not Allowed a Hit
Until Seventh Inning

Roars of applause from the band stand and from the crowd encircling the athletic field of Glendale high advertised the high hopes of local fans that Glendale would curb the haughty spirit of Franklin high which has won all the games of the first series thus far, but those hopes although prolonged until the seventh inning were destined to be dashed. In the first inning Glendale made one run. After that up to the seventh inning the visiting team was not allowed to make a hit. Then Franklin came through with two hits and four runs which won the game. In the last quarter of the seventh Glendale got three men on bases, but the umpire called a man out at second. Had that gone through, Glendale would have still had a chance of winning.

Eight more league games of the second series remain to be played. Franklin will undoubtedly win the first series of games and thus will be entitled to play for the Southern California championship. The other schools will continue playing until the end of the year for the league championship which Glendale still has a chance to win.

Following was Glendale's line-up: Fruling, third base; McDonald, short-stop; McNary, center field; Merriken, first base; Wheatman and Terzo, left field; Denison, right field; Wilson and Colburn, second base; Morgan, catcher; Ageson and Woods, pitchers.

The next league game will be played Friday with Monrovia.

PLAN VALENCIA ORANGE SHOW

Every orange growing district of California is expected to vie for exhibit honors at the first annual California Valencia Orange Show, to be held at Anaheim from Tuesday, May 17 to and including Sunday, May 22, according to word from Anaheim, where the Valencia show committee is hard at work upon what it believes will be another great advertisement for California's fertile soil and especially for the Valencia orange, a summer variety which cannot be shown at the winter shows.

Not only are the various fruit associations and packing houses expected to exhibit Valencia oranges, lemons, grapefruit and other citrus varieties, but growers generally are invited to participate in what will undoubtedly be a show of great merit, and one that will further demonstrate the productivity of California's matchless soil and sunshine.

A five-acre tract facing directly upon the Los Angeles-to-San Diego state highway at the northern city limits of Anaheim, 27 miles south of Los Angeles, will be utilized for the Valencia orange show. The main exhibit tent will be 100 feet wide and 300 feet long, the largest tent owned by the national orange show at San Bernardino, and the overflow will be housed in auxiliary structures round about. A joyous midway, broad and long, will help to provide entertainment for the crowds.

MISS PHYLLIS BAKER HOSTESS TO GUILD

Miss Phyllis Baker, 331 North Maryland avenue, was hostess on Saturday evening to the Westminster Guild, the girls' missionary organization of the Presbyterian church.

Pearl Adams Dressler of Los Angeles, a former missionary to India, who represented the Presbyterian church of Glendale there, gave an interesting talk on "The Girlhood of India."

Mrs. Dressler's mother, Mrs. Adams, was a guest of the guild. Patronesses of the guild are Mmes. F. A. Buck, C. M. L. Nelson and M. P. Harrison.

A profusion of roses of many varieties were used by the hostess in the decoration of her home for the occasion and refreshments of punch and cake were served.

Members who enjoyed the pleasant and profitable session were Misses Marian Clark, Hope Ireland, Inez Harrison, Mildred Cole, Ruth Cole, Mary McDill, Ruth Waterman, Zoe Thompson, Marjorie Smith, Marie Meier, Mildred Elliott, Martha Eilers, Jeanette Heideman, Margaret West, Helen Hesso, Louise Daugherty, Florence Mitchell and Phyllis Baker.

LOCAL CHAUTAUQUA SET FOR MAY 11-17

Financial guarantors of the Ellison & White Chautauqua held a preliminary meeting Tuesday evening, over which Chairman C. D. Lusby presided, John McGregor acting as secretary. Committeemen present were:

Ticket committee—John McGregor, Blake Franklin and J. Herbert Smith. Advertising committee—H. W. Wilson, H. S. Burn, Roy Kent.

Committee on grounds—T. A. Wright, L. W. Babcock, O. L. Kilborn. It is expected that the advertising agent of Ellison & White will be here in a few days. The date set for the Chautauqua is May 11 to 17, and an excellent location has been secured on Orange and Harvard, just across from the John Brown tabernacle.

To be eligible to election to the Hall of Fame a person must have been dead for ten years.

WHAT DID SHE MEAN?

Mrs. D. (Just returned from a month's travel, visits her dear friend, Mrs. B.)—Now, my dear, you must certainly tell me about all the scandals that have happened since I went away!

Mrs. B.—Since you went away!

Why, there hasn't been a single scandal.

MRS. BRAY HOSTESS RECEPTION AND TEA

Successful and enjoyable in every detail was the reception and silver tea at the home of Mrs. N. Bray, 525 North Jackson street, yesterday afternoon and evening.

Guests were members of the Church of the Holy Family, and their friends. The house was beautifully decorated in spring blossoms, and music and conversation were the diversions enjoyed by the guests. During the afternoon Mrs. Catherine Antunez sang "In the Garden of My Heart," and "Mother Machree"; Mrs. Morrison sang "Mother," and "Rose of Picardy"; and Miss Dorothy Vogel entertained with a piano solo, "The Gnome's Dance," by Liszt.

Refreshments were served by the hostess, Mrs. Bray; assistant hostesses were Mmes. Vogel, Bishop, Zimmer and Blanchet.

Miss Dorothy Vogel was hostess of the evening session, when the young people were special guests. They were assisted by Misses Viola Yorba, Tuhey, Catherine Farrell and Sangman.

For the evening's program, Mrs. Antunez sang "In the Garden of My Heart" and "The Little Gray Home in the West." Miss Viola Yorba sang "Terecita Mia," and "Gene," and Mrs. Harry Girard entertained with two vocal duets, "The Question," and Chaminade's "Barcarole."

That the affair was a success financially as well as socially is shown by the fact that the ladies report \$77 as the net proceeds.

SHORT SESSION OF GLENDALE MUSIC CLUB

Members of the Glendale Music Club which is to meet Friday evening in the music room of Glendale high are requested to be there sharp at 7 o'clock. A short musical program will follow a business session, but will be concluded in time for all present to attend the concert which the Madrigal Club is giving that evening in the auditorium of the Broadway school. Prompt attendance at 7 is strongly urged.

RESIDENCE CHANGES

Mrs. Mooney has been moving from 3015 Ross to 11 Magnolia street in Burbank this week.

M. C. Brucker has made a change from 703 East Orange to 510 South Belmont.

John Hammersley has moved from 461 West Howard to 1010 Boynton street.

To dry clean tatting or crochet, which often becomes soiled in the making, use equal parts of salt and meal, rubbing the soiled places briskly.

WOMAN'S COZY CORNER

YOUR GUEST-ROOM

By JOSEPHINE FRANCE

I love to think about guest-rooms, don't you? They can be so original and almost daring if they are at the same time comfortably restful in color and design. We may indulge that scheme we have always desired for ourselves but which we have feared would become timesome lived with 365 days out of the year. We may have gay painted furniture with nose-gays nodding from head and foot boards of the bed, riotous curtains fluttering gaily in the breeze drifting through the casements, a bedspread of chintz or garlanded with flowers of wool, all against a background of demurely plain walls. Or we may prefer the dignity of carpeted floor, French furniture, drapes of discreetly rustling taffeta, lamps glowing beneath shades of two-toned silk. Then, if we mind our company manners, even though we have almost nothing to spend on glorifying our guest-room, it will be surprising to find that the cost of real charm, after all, is cheap.

In these days when beds, as well as everything else, cost small fortunes, a practical plan is to begin your guest-room with twin cots. And before too sordid a vision of such a room arises in your mind, let me tell you of a delightful guest-room started in such manner. The cots were of iron with rounded head and foot ends of equal height patterned after the idea of the day-bed, which furnished the suggestion for their treatment, for they were treated precisely as day-beds would be, and in the end they resembled them exactly.

Not Cots But Day-Beds

Slipcovers were made for the ends out of a lavender linen, the seams were bound with a brilliant turquoise, and in the center of each slip the was applied a panel of embroidered birds and flowers in harmonizing tones. Along each side of the beds, were floor-length flouncings of lavender linen, hanging from the straight ends connected under each mattress by a length of material; then over each bed was spread a short, scalloped counterpane of turquoise taffeta, which could be replaced economically by one of unbleached muslin dyed this color at home.

A pair of these beds proved a veritable inspiration in the little guest-room that was just beginning, and it was easy enough to develop that most delightful of combinations, orchid and turquoise, into a stunning color scheme. The walls were a pale oyster color, the floor was painted an opaque blue-green, and the braided oval rug laid on this was of deep orchid and black with a little white mixed in. An inexpensive chest of drawers was done in orchid, and the mirror hung above on the wall was framed in dull gold. There were tall pewter candlesticks holding lavender candles.

A wicker armchair, enameled black, was cushioned in a lavender-and-blue bird-and-flower cretonne. This same cretonne was hung at the casement windows, guiltless of other curtains. There was a Windsor armchair painted to match the chest of drawers, and two ladderback side-chairs done in black, well setting off their buff-colored rush seats. One lamp was shaded in turquoise, the other in orchid, the latter set on a medium-sized drop-leaf table painted the flat greenish turquoise. On this table also was a bookrack holding some dozen books with nice home-made covers of cretonne and of lavender rajah sewed on them with the crisscross stitch inside the covers, as children's books are covered for school. A black velvet runner added the last bit of effect in the beauty of this table arrangement, lined as it was with orchid, tasseled in turquoise, and embroidered around its appliques of silver-cloth with turquoise green and touches of orange and black. With a charming room like this in the house, consecrated to visiting folk, there could be little doubt of the success of one assuming the role of hostess, and the whole room could be gotten up for a song, as songs go nowadays!

As Elaborate As You Please

If cost is no item, you may go as far as you like in this matter of glorifying the guest-room. Dark-blue painted furniture decorated in a pale lavender and buff, with gray lines, will fit beautifully into the room with flint-gray walls and sand-gray carpet. Ladder back taffeta bedspreads and floor-length window-drapes may be lined with buff, and for glass-curtains one would want to see delicately ruffled white muslin. And with furniture of that nice brown mahogany try a stunningly patterned mulberry cretonne for upholstery and window-drapes, used with cream walls, unbleached-linen spreads, and a mulberry-and-black rug.

Louis XVI. furniture in gray may be used in a room with a very pale mauve-and-white-striped paper and a sage-green carpet. Ivory pongee, appliqued in a fruit design combining gray-greens, lavenders and grays, may be effectively made into bedspreads and window-drapes, while the lamps should be shaded in sage green and the chairs upholstered in gray velours.

Do provide your guest with the welcome of a wooden bed, if you can afford one; but if you have a oed of brass you feel you must use, provide cretonne slipcovers for the brass head and foot ends. This is often done, and besides being effective, the cretonne so used forms the keynote for the decoration of the room, for it can be also made into curtains and into slipcovers for the chairs. And do have plain walls!

While we have given over, this many a day, trying ourselves to live with a beffing wallpaper, many people feel in the house where this weakness may be indulged, since it is likely that no one would be in the room long enough to be annoyed by the repetition. Say you not so! There are souls so attuned to the infinite that square yards of trailing vines or the countless repetition of endless, albeit perky, rosebuds over vast surfaces may be an endless torture. Don't take the chance, for there are always delightful cretonnes to make the plain-walled room gay.

And in the room for your guest see that there is at least one really comfortable chair, and adequate light for reading, a well-placed mirror with an

excellent dressing light, an empty chest and closet and all those little trifles that mean so much to one away from home—friendly books, up-to-date magazines and the gay faces of some flowers.

Don't Skimp on Blankets

"I guess they're warm enough," we sigh. "They ought to be with two blankets on the bed." And yet we make no effort to find out beyond a casual-lipped inquiry to which John and Carrie, whether hot or cold, may only respond politely in the same casual vein. And yet our guests are as dependent on our mercy as though they were marooned upon some savage island. The source of supply is unalterably ours; we dole out our stores thoughtlessly with an eye to something else meanwhile, and in a maganimous way we allow our guests to fend for themselves, when in reality, since we've made them our guests, we have bound them with invisible bands—invisible, but strong as steel for all that.

Nice as our friends are, fond of us as we of them, yet there is, in nine bosoms out of ten, a sneaking dislike to sleep away from home. We hear the expression, "Oh, I like my own bed best," or, "I never sleep soundly under a strange roof."

Manners Subject for Joke

For a decade company manners have been a subject for joke, arising from the rather ridiculous insinuation that the odious manners of privacy are laid aside when a semistranger is by to see. Of course that is funny, when unquestionably all of us love dainty habits and the fine observations of gentleness even in solitude. But the new meaning of the old phrase can be turned with a glorious ring of friendliness, and the stranger within our gates may be met with regal welcome. No more shivering guests because we ourselves happen to be rabid fresh-air fiends. No more sleepless nights because we have locked a sensitive soul into our guest-room with howling and tortuous cabbage-rose-covered walls, but a perennial hospitality will manifest itself in the perfect appointments of some dear little room nestled in our midst, a veritable little home within a home, complete, actively alluring, because we have found that there is no more real and satisfying joy than to cultivate, in the truest sense, our company manners.

CAN A STATE ENACT ANTI-NARCOTIC LAWS?

(By International News Service)
WASHINGTON, April 13.—Whether a state can enact anti-narcotic laws even though they do not conflict with the federal statute was an issue raised by Dr. C. D. Whipple, of Minneapolis, in an appeal to the United States supreme court.

Dr. Whipple was convicted under a Minnesota law for prescribing narcotics. He claimed his conviction was illegal, and that the matter was solely for the federal government to decide under the Harrison anti-narcotic act. He asserted that he had not violated the federal law, as he prescribed drugs to addicts by the reduction method, or the gradual decrease in doses until the victim of the habit had been cured. He contended this was legal.

SLATER'S PRICES ON TIRES CUT TO CORE

The Slater Tire Service has cut prices on A-1 tires to the lowest possible price. As an example, the kind that used to sell for \$20.10 Mr. Slater has reduced to \$12.75. And other prices have been reduced in proportion.

Mr. Slater is thoroughly awake to the necessity of reducing prices, and is doing his share to bring them down. He is a thoroughly experienced tire man, is dependable, and can be relied upon to give the lowest prices and best goods. "Don't buy until you have seen my line of tires," says Mr. Slater.

World paper currency has increased in volume 600 per cent. And here they've been trying to blame the newspapers for wasting paper!

PLEA FAILS TO SAVE MAN FROM JAIL TERM

(By International News Service)

SAPULPA, Okla., April 13.—"Captain" Harry W. Devore is serving a five-year term in the state penitentiary all because, Harry says, he has a "double" brother who, like the ladies.

Devore, alias George W. Roberts, alias George W. Mack, was convicted of bigamy when three wives identified him in open court. "They got me wrong," alibied the captain. "I'm the victim of a double. My brother is the guy who married these ladies."

The evidence showed that either the "captain" of his brother "double" had departed after each ceremony with the bride's jewelry and all available cash.

The court decided it was the "captain."

PLUMBING TAKLS

In no branch of building construction is there a more vital factor than the plumbing work.

FAULTY PLUMBING HAS CAUSED UNTOLD MONEY LOSSES

When you have new Plumbing or Fixtures to be installed or Repairs to be made, you should demand the highest grade of workmanship.

Have it done in the COKER way and save yourself trouble and expense.
